Additional waitlist information:

- Once you are on the waitlist, you can remain on the list as long as you would like. If a space does not become available in your desired classroom/age group, you will automatically be moved to the waitlist for the following age group. You maintain your priority status based on your original application date.
- Current families and staff do receive priority on our waitlist.
- Getting on the waitlist early in your pregnancy certainly increases your chances of enrollment. However, availability cannot be predicted and submitting this form does not guarantee enrollment. For this reason, we do suggest that families get on as many waitlists as they are comfortable joining.

Once you are on the waitlist, please feel free to check in at any time!
